SGPC is the independent local Parent Carer Forum recognised by the Department for Education (DfE)

We are 1 of 151 forums across England

Is a diagnosis needed to be part of our group?

We support families at all stages of their SEND journey.

No diagnosis is needed to be part of our group.

Our employees and volunteers

All our employees and volunteers are parent carers for whom the SEND journey is their real lived experience

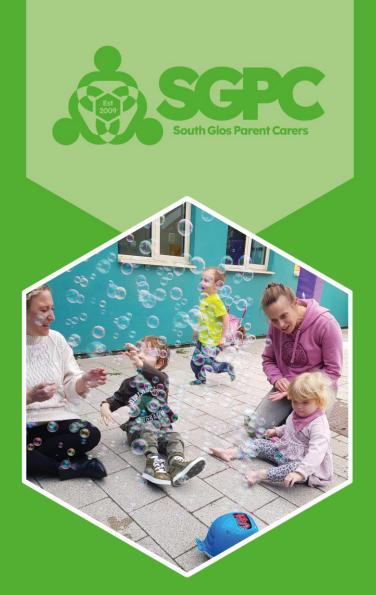

About SGPC

We support and empower parent carers who are on the SEND parenting journey.

About SGPC

We anonymously gather views of our community and your lived experiences via parent carer support and engagement activities.

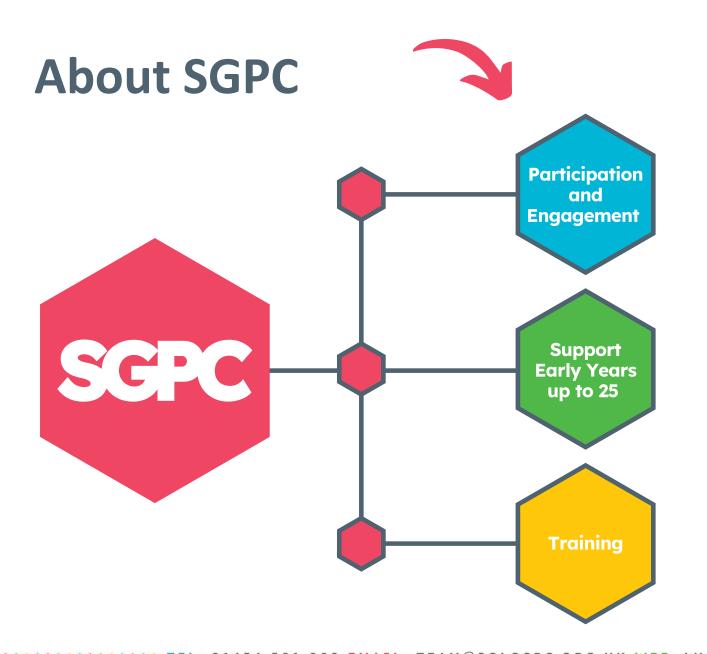

About SGPC

We work together with service providers to connect the voice of parent carers with decision makers to help to shape great services.

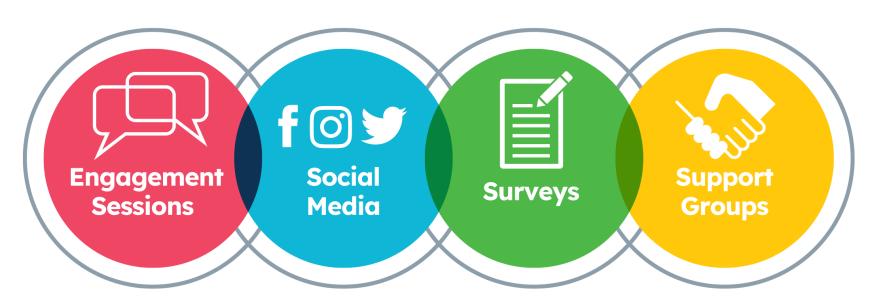

Participation & Engagement

We have many years' experience of engaging with families who have children 0-25 with special educational needs and disabilities (SEND) and representing their voices to the local commissioners and service providers.

We work with those providers to help ensure that their services meet the needs of its community of SEND families.

Participation & Engagement

Some of the meetings we attend to represent family views to influence and shape services.

- Multiagency Quality Assurance (EHCP)
 - CCG Health meetings across Bristol,
- North Somerset and South Gloucestershire
- ISEND Communications Working Group
- Social Care
- Preparing for Adulthood (PFA)
- SEND Cluster Board

- Emotionally Based School Avoidance (EBSA)
- Mental Health Strategy
- Learning Disability Project Board
- Local Autism Group
- Annual Reviews Working Group
- SENCO Briefings

Parent Reps

Our Parent Reps are key to what we do at South Glos Parent Carers. Without them, we couldn't do all the things we do. Parent Reps give power to our family's voices, to help improve services and access to them, going forward.

Being part of our team can be very rewarding!

Giving back can have a positive impact on our emotional wellbeing and sometimes the small act of feeling heard makes a big difference. Being a Parent Representative, you are supported throughout, whilst developing new skills, knowledge, and experiences. By enhancing your skills and learning new ones, you will grow in confidence, to help support families with SEND.

Without our wonderful Parent Representatives, we couldn't be the voice of our community.

Come and join us.
