It was so wonderful to open the doors of the school to families this week. Owing to the pandemic, this was the first time that some parents have been able to come into school to see their children's learning and I know that some of you really relished the opportunity to look around the classrooms.

I think you will agree that the children's work looked incredible. They really do need commending for the effort they put into producing such fantastic art work and publishing their writing to such a high standard. I would also like to thank the team for working so hard to pull the displays together and showcasing the children's work in such creative ways.

We would love to gather some feedback to add to our visitors book and would be grateful if you would [click here](#) and add a comment.

We look forward to sharing more learning with you in future terms.

## Congratulations

Well done to the Netball team who represented the school so well in this week's tournament. The team won one match, lost one and drew the other. You made us proud!

Also, very well done to the school football team who played against St Pauls yesterday and The Ridge last week. They played incredibly well in both games and won their game against St Pauls 2-0.

Good luck to those who are representing the school in the Jailbreak competition and to the football team who are playing our partner school St Helen's next week.

## Leave of Absence

We cannot authorise any requests for absence for holidays. The children have missed far too much learning in recent years so they need to be in school at every opportunity. Please show your children how much you value their education by not taking them out of school unnecessarily.
